

The Institute of Botany & MetaCentrum, usage of the computing resources

Every employee and student in a Czech research institute can get access to the MetaCentrum. MetaCentrum membership is obtained after completing an [application](#). Usage of the computing resources must be carried strictly in accordance to the MetaCentrum's [rules of use](#).

Employees of [IBOT](#) enjoy a higher priority on the Průhonice hardware, which means that their analyses will start sooner than non-IBOT requests. However, in order to benefit from this priority one must join the [ibot](#) group, which also grants access to the Průhonice [data storage](#). If you wish to be part of the [ibot](#) group, please [contact the cluster's administrators](#).

- [Work on the cluster](#)
- [Access to the computing cluster of IBOT for employees and collaborators](#) and [Login into MetaCentrum infrastructure](#)
