

Back to the [Institute of Botany & MetaCentrum](#), usage of the computing resources and see also [work on the cluster](#).

# Access to the computing cluster of IBOT for employees and collaborators

1. Complete [the application for the MetaCentrum](#) (you can register under any organization, not solely IBOT).
2. Join the **ibot** group by contacting the [cluster's administrator](#). Membership of this group is not mandatory for using the computing resources, but grants a higher priority.
3. It is recommended that computational tasks are prepared on the [frontend](#) node `tilia.ibot.cas.cz` (alias `tilia.metacentrum.cz`), although this is not a requirement.
4. Data can be stored on the [Průhonice data storage](#) (again not a requirement) at `/storage/pruhonice1-ibot/`.
5. At submission to the computing queue, by adding to the `qsub` command the `-q ibot` parameter, the analysis will be carried on our cluster, e.g. `qsub -l walltime=1:0:0 -q ibot -l select=1:ncpus=1:mem=1gb:scratch_local=1gb -m a be script.sh`.

Employees and students from other organizations can submit tasks and run [any applications](#) on the Průhonice cluster using the same [requesting commands](#) and following the same [rules](#) as for any other node in the MetaCentrum.

## Login into MetaCentrum infrastructure

All logins into MetaCentrum infrastructure, including [application](#) (and e.g. [ownCloud](#) or [FileSender](#)) use [EdUID](#):

After finding and selecting Institute of Botany, the user is redirected to a page requesting logging with institutional credentials. User name and password for VERSO are used (no domain):

CESNET je komplexní sada informatických nástrojů použitelných pro řešení problémů z celé řady oborů.

Pro získání přihlašovacích údajů kontaktujte IT oddělení Botanického ústavu na adresě [helpdesk@ibot.cas.cz](mailto:helpdesk@ibot.cas.cz)

IDP AV ČR, provozuje Středisko společných činností AV ČR

If the user from the Institute of Botany does not have VERSO user name and password, it is necessary to visit <https://praha.verso.eis.cas.cz/> and request sending of forgotten password (figure below; using institutional e-mail or personal number). After obtaining user name and password it is possible to use the above login screen.
