

Administration and support

Plenty of questions can be discussed in [e-mail conference](#) cluster-ibot (at) metacentrum (dot) cz — unless the question is too specific, it is better to ask in the e-mail

conference than directly contact admins.

- The cluster is managed by administrators of the [MetaCentrum](#). **Regarding general problems related to computation, application etc. please use the [MetaCentrum help support](#).** User support solves everything related to accounts, quotas, shared groups, software on MetaCentrum etc.
- Specific questions related to the Průhonice cluster, e.g. issues connected with the usage of the [database server](#), should be addressed to cluster administrators Vojtěch Zeisek and Yann Bertrand.
- If you desire to join the `ibot` group, create or modify shared folder and change your allowed disk space on the [disk storage](#), please contact Vojtěch Zeisek.
- Questions related to Apache Hadoop, Spark, NoSQL databases (Neo4j and MongoDB) and other issues specific computing on the HPC nodes should be directed to Yann Bertrand.
- With questions and requests about [GitLab](#) contact Vojtěch Zeisek, alternatively Jan Panoch.

Contacts to administrators

- [Yann JK Bertrand](#)
- [Jan Panoch](#)
- [Vojtěch Zeisek](#)
- [E-mail conference](#) of administrators and members of the `ibot` group.
